Dear Geometry Global Hiring Manager,

I knew I was doing something right after I received my first order from a competitor two months into my market expansion on Bambooroof.com, but more on my “side hustle” later. Having secured accounts worth over \$20 million while exceeding all KPIs in my position, I believe I am an ideal candidate for the Associate Executive position.

I have a unique set of skills honed through traveling the world and meeting people from all walks of life. I have a growth mindset, I am adaptable, my unquenchable curiosity drives me to learn about everything around me, on top of that, my jovial personality makes me a pleasure to work with =). Given my background as service manager at AT&T, Co-founder & Partner of a growing business, and a Management Consulting, I believe I can be of service to you as well.

Couple years back I was shocked to learn about the possibility of a species living in Japan, after much research, it turns out that it was actually generated by Geometry Global in order to promote and revitalize Sage City. To increase awareness of blood donation, Geometry Global simply took away the color red on TV for a week. It was an outside of the box, high ROI stunts that makes an impact in the world. This is the kind of work that I want to help create and be a part of.

If given the chance, I would love the opportunity to sit down with you to further discuss my qualifications and, if you'll indulge me, about my “side hustle”. Attached is my resume, please feel free to reach me via Email or Phone. I sincerely and in all earnest look forward to hearing from you.

Best Regards,

Kyle Wang
